**What do you think about the direction of the four program areas?**

Stormwater Conveyance and Flow Control

Water Quality

Habitat

Public Asset Protection

**What do you think about the prioritization criteria?**

**Aside from meeting regulatory requirements, Seattle Public Utilities must decide how it will allocate utility resources among various activities for projects that meet SPU's legal and priority criteria. Please rate how important you think it is for the utility to spend money on the following activities.**

1. Reducing flooding in neighborhoods where it occurs

- ☐ Very Important
- ☐ Somewhat Important
- ☐ Not Too Important
- ☐ Not At All Important

2. Making improvements to stream and lake habitats

- ☐ Very Important
- ☐ Somewhat Important
- ☐ Not Too Important
- ☐ Not At All Important

3. Keeping up the drain system we already have

- ☐ Very Important
- ☐ Somewhat Important
- ☐ Not Too Important
- ☐ Not At All Important

4. Protecting public property such as roads and sewers from landslides, floods, and other disasters

- ☐ Very Important
- ☐ Somewhat Important
- ☐ Not Too Important
- ☐ Not At All Important

5. Improving the water quality in lakes and streams

- ☐ Very Important
- ☐ Somewhat Important
- ☐ Not Too Important
- ☐ Not At All Important

6. Protecting the recreation uses of lakes and streams for swimming and fishing

- ☐ Very Important
- ☐ Somewhat Important
- ☐ Not Too Important
- ☐ Not At All Important

7. Now that you've rated the importance of six water management activities, please rank them in order of importance in relationship to one another from 1 to 5 - 1 being the most important.

- ☐ Reducing flooding
- ☐ Improving habitats
- ☐ Maintaining the present drainage system
- ☐ Protecting public property from damage
- ☐ Improving water quality in lakes and streams
- ☐ Protecting the recreational uses of lakes and streams.

**Other comments or concerns we should know about?**
